

UNIFIED COMMUNICATIONS AS-A-SERVICE (UCAAS) FROM NORTHSTATE TECHNOLOGY SOLUTIONS

At NorthState, we deliver a variety of as-a-service offerings that help today's enterprises lighten their IT workloads and better compete. Through UCaaS, we can provide a cost-effective way for your organization to improve its collaboration capabilities, as well as further your digital transformation strategy.

SO, WHY COLLABORATION IN THE CLOUD?

There's a number of reasons that organizations are shifting towards cloud-based solutions for collaboration.

SUPPORT COLLABORATION DEMANDS

It can be difficult to provide the collaboration services required by a modern, diverse workforce with on premise solutions

KEEP UP WITH NEW STANDARDS

Cloud is becoming the standard for cost-effective communications, in fact, Gartner expects the UCaaS market to grow 21% in 2018*

LESSEN ON PREMISE IT BURDENS

Cloud-based solutions like UCaaS free IT teams from the headaches and burdens of managing on premise infrastructure

DRIVE DIGITAL TRANSFORMATION

Cloud-based solutions improve agility - a big reason why cloud adoption is a significant component of digital transformation

NORTHSTATE'S UCAAS SOLUTION

With UCaaS from NorthState, you can securely deliver modern collaboration capabilities to your end users, anywhere they need them. It's a hosted service that includes the latest UC, customer collaboration, and conferencing technology - even collaboration endpoints - all at one predictable monthly cost.

24/7 SUPPORT

Get 24/7 monitoring and expert support, and leave the moves, changes, and patching to NorthState

LATEST TECHNOLOGY

Adopt the latest Cisco technology with the financial, operational, and strategic benefits of the cloud

INCREDIBLY RELIABLE

Count on reliability as our UCaaS offerings are hosted in our state-of-the-art 2N+1 data center facilities

HIGHLY CUSTOMIZABLE

Choose from seat and endpoint options - including basic phone service to executive and conference room seats

SUPERB CAPABILITIES

Leverage integrated calling, conferencing, video, wireless, and messaging to improve collaboration

HOW ARE OUR CUSTOMERS BENEFITTING FROM UCAAS?

Many of our customers are seeing benefits that enable them to become a more efficient, flexible, and profitable company.
